'FRISCO BUT MASS OF RUINS

Earthquake Followed by Fire Laid Fair City of the Golden Gate in the Dust.

Five Thousand Lives Lost While the List of Injured Will Far Exceed That Number.

THOUSANDS ARE WITHOUT SHELTER.

Much Anxiety Felt by Relatives in This City For The Safety of Paris People in the Unfortunate City.

SAN FRANCISCO, April 19.—(Postal Telegraph Bulletin 10:30.)—Grace church and St. Frances Hotel now burning. Fire continues to spread. Many people burned alive imprisoned in buildings. Supply of explosives used in checking the spread of the flames exhausted. Entire city under martial law.

Earthquake shocks followed by fire at San Francisco Wednesday morning caused one of the greatest disasters in the history of the United States. The loss of life is now estimated anywhere from 1,000 to 5,000, and the injured by far exceeds that number. It will be many days before the complete story of the ruin wrought by the double calamity of earthquake and fire can be written. Then there will still remain untold countless tales of pitiful tragedies.

Much anxiety is felt by parents and relatives in this city who have children and relatives living in San Francisco and neighboring suburbs. Mr. and Mrs. Charles Stephens have two sons living there whose business calls them into the principal business portion of the city. Drs. Barkley and John Miller Stephens.

Mr. Wm. Myall has a brother-in-law, Mr. Thomas Denigan, whose business is very near some of the mammoth houses that have been shaken to the ground. He also has two brothers, Chas. and Jerry Myall, who live near San Francisco. Neither Mr. Stephens or Mr. Myall have been able to hear a word from any member of their families as the wires are down and it is impossible for a message to get there or come from there. The early hour of the morning when the shock was first felt gives them hope, for business men in cities do not go to their business places so early.

Mrs. Belle Hutchison and daughters also live in San Francisco, in the business district.

Matt Talbott, formerly of this city, and Sara Montague, of North Middletown, are also residents of that city at this time.

LATEST NEWS SUMMARIZED.

As a result of fire and earthquake half of San Francisco is in ruins and the remainder is threatened.

The estimates of the number of dead range from 1,000 to 5,000.

The property loss is already more than \$100,000,000. The fire is raging fiercely in all parts of the city.

Cliff House, the City Hall, the post-office, all but one of the hotels and all but one of the big office buildings have been destroyed.

The mint is burning. Nearly all of the newspaper offices have been destroyed.

More than 100,000 persons are homeless.

Leland Stanford University at Palo Alto has been destroyed and several students killed.

At San Jose the entire business section has been destroyed and several hundred lives lost.

At Santa Rosa many buildings were wrecked, causing damage of a million dollars.

Agnew Insane Asylum, near San Jose, was wrecked, 300 inmates and the superintendent and matron were killed.

All the small towns on the peninsula were seriously damaged.

The shocks extended as far east as Hazen, Neb., and south to Santa Barbara.

The city hall at San Francisco, which cost \$5,000,000 and took 30 years to build, was shaken to the ground in thirty seconds.

For the Stricken People.

Mt. Vesuvius, the famous old volcano near Naples, Italy, has for some time been in a state of eruption. Thousands have been killed, towns and villages laid waste. Much distress has been caused and in various places funds for the relief of these people are being raised. The Postal Telegraph Co. authorizes us to announce that it will accept and transmit free of charge all telegrams relating to subscriptions to the relief fund for the benefit of the stricken people of Southern Italy.

Excursion Sunday.

The L. & N. will run an excursion Sunday to Cincinnati. The train will leave Paris station at 7:35 a. m. Fare, \$1.25 round trip.

Ordinance.

An ordinance to grant a franchise for the sale and delivery of Natural Gas for fuel and other purposes to citizens and consumers.

Whereas, Section 3, of the Bill of Rights and section 164, of the Constitution and the Charter of Cities of the Fourth Class provides that the General Council of General Legislative Body shall have power to let and grant within the limitations of the constitution and laws of the State of Kentucky public franchises; to make regulations for the management thereof and fix and regulate prices to consumers and customers; therefore, it be ordained by the Board of Council of the City of Paris, Ky.,

Sec. 1. That there be let and granted according to law, and this ordinance is to let and grant the franchise, privilege and right to construct, maintain and operate in the city of Paris, Ky., and over and along the streets and public ways thereof, a gas plant for the purpose of providing the said city and its inhabitants, customers and consumers with Natural Gas to be used for the purpose of giving heat, power, light and fuel to said city, its inhabitants, customers and consumers.

Sec. 2. Said Natural gas for any and all purposes above mentioned may be used in connection with artificial or manufactured gas or other safe and recognized substances, and the owners of such franchise, right and privilege shall have the right to dig ditches, to lay their pipes and mains in the streets of said City, erect all necessary appliances and machinery for the purpose of operating said plant, provided however, that in the exercise of such franchise and right the owner shall not obstruct the public highway or create any nuisance in said city, and the laying of all pipes and mains and the sinking of holes and digging up of said streets and public highways shall be under the direct supervision of the City Council of said City of Paris, Ky.

Sec. 3. The maximum rate to be charged consumers for gas for manufacturing purposes shall be 25 cents per thousand cubic feet; the maximum rate to be charged consumers for gas for domestic purposes shall be 40 cents per thousand cubic feet.

Sec. 4. The holder of said franchise shall indemnify and save harmless the City of Paris from all suits, or actions of every name and description brought against it, for or on account of any injuries or damages received or sustained by any party or parties by or from any of the acts of the said holders, or his agents or servants, in prosecution of the said work.

Sec. 5. The holders of said franchise shall restore the streets to their original condition, and in event of failure to so within a reasonable time, the City shall have the right, after having first given ten (10) days written notice of its intention so to do, to have the necessary work done to put such portions of the streets as may have been disturbed, in good condition and collect the costs of same from the holders of said franchise.

Sec. 6. Said franchise, right and privilege shall continue for a period of twenty years from and after the same shall take effect.

Sec. 7. The person, association or corporation owning or exercising the franchise or privilege may assign or transfer same to any person, association or corporation that will exercise said franchise.

Sec. 8. The owners of said franchise and privilege shall begin active work on said system within twelve months from the final passage of this ordinance franchise or privilege or upon failure to do so shall pay to the above mentioned city rentals in the sum of 200 dollars a year for every year delayed; otherwise said purchaser shall forfeit all rights and privileges under this grant.

Sec. 9. As soon as practicable after the enactment, approval and publication of this ordinance, franchise and grant, it shall be the duty of the Mayor to advertise in two issues of some newspaper published in the City of Paris, Kentucky, authorized by law to publish same, that bids will be received for the before mentioned franchise, privilege, grant and right, and he shall sell said franchise and privilege to the highest bidder; subject however, to the approval of the Board of Council. It shall be the duty of said Mayor to offer said franchise for sale and receive bids therefor and report his action to the Board of Council. Such advertisement shall reserve the right to reject any or all bids.

Sec. 10. The bidder to whom such franchise or privilege shall be sold, shall pay the amount of said bid in cash to the City Treasurer within ten days after same shall have been approved by the City Council; and no bid shall be received or considered by said Mayor unless such bidder shall deposit with his bid a check payable to the Treasurer of said City, for the sum of \$50.00, and which check shall have been duly certified by some bank, doing business in the City of Paris, Ky., and which sum of money shall be treated as part payment by the successful bidder in case he shall comply with

his bid, and if he shall not, it shall be treated and retained as liquidated damages (as) to said city. Checks deposited by unsuccessful bidders shall be returned to them respectfully.

Sec. 11. After due advertisement and sale, as required by law, shall have been made, then this ordinance, franchise, right and grant shall be written evidence of power, rights and privileges sold and the purchasers shall be governed accordingly.

Sec. 12. All ordinances or parts of ordinances in conflicts herewith are hereby repealed, and this ordinance to take effect and be in force from and after its passage.

ONLY FALLING IN LINE.

A mob of three thousand men lynched a third negro in Springfield, Mo., two having been hanged and burned about 1 o'clock Sunday morning. The greatest excitement prevails, and it is feared that further trouble, and of a far more serious nature, will follow. The negroes were hanged from the bandstand about the electric light tower, which stands in the center of the square. The negroes and whites are said to be arming. What else could be expected when it is remembered that the Republicans carried Missouri at the last election. They are only falling in line with the Northern States.

"THAT TOTALLY DIFFERENT" P. & J. CLOTHING FOR MEN

Here's a Refreshing Departure from the Everlasting Sameness of Double Breasted Suits.

THE lapel is cut considerably higher than is usual, so that comparatively narrow expanse of cravat shows through. It is just one of the crack style touches that Garson-Meyer know so well how to put into their clothes. The collar is hand worked—stayed with innumerable stitches so that it sets snug and smooth at the neck and lies flat on the chest. The superb hand tailoring put into these splendid garments insures always the retention of shapeliness.

This double-breasted suit is made in a very large number of nobby patterns.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." UNDER THE CLOAK OF CHARITY.

When you see our merchants taken in almost daily by fake advertising schemes and our citizens in general by fakirs who come here getting up entertainments under the cloak of sweet charity, but in reality for themselves, we think the time has arrived to call a halt. For instance, our merchants have been visited in past ten days by a solicitor for advertisements to go into a catalogue, which will contain nothing but the ads. with a verse of poetry between each. Our merchants paid at the rate of \$20 per page for twenty pages. This book is represented as being gotten out for the benefit of the hospital fund, the solicitor getting 80 per cent. and the hospital 20, so we are informed. The manuscript for 900 copies of this book is now in the hands of a Lexington Printer. If this is not an imposition on our merchants we would like for some one to show us. It recalls the old saying, "you can fool some of the people all of the time, you can fool all of the people some of the time, but you can't fool all of the people all of the time."

Then again, a lot of fakirs come here and get the ladies interested in getting up some kind of an entertainment for the hospital or some other charitable purpose. They spend about ten days in our midst, the ladies not only go to the expense of getting their children costumes for the entertainments but work themselves almost to death to make the entertainment a success, and after the show the strangers pocket the largest part of the proceeds and gone with our money forever, the hospital fund getting but a small per centage.

We are in favor of the Paris Hospital, we are in favor of home people getting up entertainments for the fund, and we are willing to help and boost along anything that will keep all of the money at home, whereby the hospital fund will get the money, but we are opposed to our people being imposed upon by a lot of traveling fakirs who go the rounds and make a living under the cloak of charity, it is nothing more or less than an outrage upon our citizens.

A LESSON TO DEMOCRATS.

The Republicans of New York are divided in the opinion of what to do with Odell, the chairman of the Republican State Committee. The faction that follows the President demands that he be thrown out, and another faction is inviting him to retire gracefully. Still another faction favors his retention. This should be a lesson to the Democrats to get together and put their best men forward.

LAYING ON OF HANDS.

Did you ever notice that when a long whiskered son of a gun gets a new brand of religion and tackles the fair sex with the doctrine of the laying on of hands, he falls in trouble? It comes sooner or later. That was one of Dowie's great specialties. Claiming a dispensation from on high, he never failed to "lay hands" on any woman of his flock who was taken ill unless she headed him off by keeping her illness secret. Now the thing is working the other way. The doctrine of the laying on of hands still prevails in Zion, but it is practiced by the residents of that heavenly locality, with John Alexander as their subject. And the hands have not been laid on lightly.

The first hand was that of Mrs. Dowie, who fired a Swiss heiress out of the Dowie menage, alleging that the prophet had made goo-goo-eyes at the young lady. Then came Gladstone Dowie, the "unkissed son," who acknowledged that there was some ground to believe that "father was mentally unbalanced." Then the hand of various officers and trustees of the Zion Dowie built were laid on good and hard and a few kicks were added for good measure. Elijah II is now in much the same predicament of the first Elijah, who would have starved if a flock of ravens had not taken pity on him and brought him food; with this difference; if there is a flock of ravens in this country so devoid of self-respect as to feed the sanctimonious old fraud who sports the most pious bunch of white whiskers this country ever adopted or produced, it has not made its intentions known.

Decent people do not usually find anything to admire in the laying on of hands, but in this instance they applaud with might and main and urge the new exponents of the doctrine to hit him again.

THE SIDEWALK ORDINANCE

If Enforced Would Do More to
Beautify Paris Than all
Others.

Editor Bourbon News:—

I noticed in your last issue that the
sidewalk question was again before
the Council at its last meeting and that
the Mayor had made the statement
that as soon as the weather was suit-
able for laying sidewalks he would
issue warrants against all persons who
had been ordered to lay them and have
a fine of \$3 imposed for each day they
failed to begin work.

Please inform the public what has
become of the ordinance passed more
than a year ago requiring that all side-
walks thereafter to be built should be
built of cement according to stipulated
specifications, and why, in the interest
of "a more beautiful Paris" this ordi-
nance is not enforced but treated as if
it had never been passed?

CITIZEN.

The ordinance referred to is still a
city ordinance just as it was originally
adopted, having never been rescinded
nor changed in any way, and it is one
of the very best ordinances ever passed
by a Paris council, and it ought to be
rigidly enforced.

Why it is not enforced the News is
unable to say. The objection some-
times heard that it would be a hardship
to certain persons if enforced, is with-
out weight, because it is entirely with-
in the discretion of the Council as to
whether they will order any person to
build any kind of a sidewalk, and cer-
tainly an ordinance requiring that all
sidewalks be constructed shall be of
cement, cannot work a hardship to any
person if it is not enforced as to him
and he is not required to put down any
sidewalk at all. There is nothing the
matter with the ordinance. It is all
right and its enforcement would do
more to beautify Paris than all the other
ordinances on the books.

As an illustration of the great change
wrought by replacing an old worn out
brick sidewalks with a new one of ce-
ment, let any one look at the Fee block
on Main street between Seventh and
Eighth, and the block on High extend-
ing from the Public Library past the
Renick property. These blocks are
a credit to any town and a sample of
what we would see in every part of the
city with in a decade if this cement
ordinance were enforced. If the Coun-
cil waits until an ordinance is passed
that will not be objected to by some-
body, the millennium will find us with
the same old shabby, disreputable
brick sidewalks full of holes and in the
winter season half buried in mud which
we now have and have always had to
the shame of the town.

Miserable, shabby, ill looking side-
walks are the best possible evidences
of a dead town and an unthrifty, unen-
terprising population. A town that
tolerates such sidewalks never can be
anything but a village. A village on
the other hand, with beautiful side-
walks and well kept lawns has all the
appearance of a city except size.

Cement is the only up-to-date side-
walk. It is clean and sanitary, looks
best, wears best, and is best in every
way, and the News again appeals to
the Mayor and Council to enforce the

FAMINE IN HEIRESES.

English Fortune Hunters Be-
moan Death of American
Beauties.

There is an American heiress famine
in England, at least Henry Labouchere
says so, in the current number of
Truth. This situation, he says, has
never before occurred in the history of
England. He states further:

"Almost every impecunious eye in
the West end had turned toward the
United States. At this moment it is
heard that either the stock of Ameri-
can heiresses is nearly exhausted, or
that many of them are disinclined to
purchase husbands in the European
markets! It is, indeed, hinted that
many have adopted the 'Imperial Idea,'
and now pretend that an European
man is to be preferred to a European
physical and financial wreck that has
inherited a title. 'An heiress, an hei-
ress, my kingdom for an heiress, my
kingdom for an heiress!' is a misquoted
passage that is on a thousand lips.

"It has recently become the prac-
tice in England for the Government to
sell titles for the benefit of the funds
of the party, and there can be little ob-
jection, therefore, to the principle be-
ing extended a little further. It should
be rendered legal for an impecunious
peer or baronet to sell his title—for
life at least—with the consent of the
courts. That would, moreover, benefit
his creditors."

Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usu-
ally due to the fact that the nerves are
not fed on properly nourishing blood;
they are starved nerves. Dr. Pierce's
Golden Medical Discovery makes pure,
rich blood, and thereby the nerves are
properly nourished and all the organs
of the body are run as smoothly as machi-
nery which runs in oil. In this way you
feel clean, strong and strenuous—you are
toned up and invigorated, and you are
good for a whole lot of physical or mental
work. Best of all, the strength and in-
crease in vitality and health are lasting.
The trouble with most tonics and medi-
cines which have a large, booming sale
for a short time, is that they are largely
composed of alcohol holding the drugs in
solution. This alcohol shrinks up the red
blood corpuscles, and in the long run
greatly injures the system. One may feel
exhilarated and better for the time being,
yet in the end weakened and with vitality
decreased. Dr. Pierce's Golden Medical
Discovery contains no alcohol. Every
bottle of it bears upon its wrapper *The
Badge of Honesty*, in a full list of all its
several ingredients. For the druggist to
offer you something he claims is "just as
good" is to insult your intelligence.

Every ingredient entering into the
world-famed "Golden Medical Discovery"
has the unanimous approval and endorse-
ment of the leading medical authorities
of all the several schools of practice. No
other medicine sold through druggists for
like purposes has any such endorsement.
The "Golden Medical Discovery" not
only produces all the good effects to be
obtained from the use of Golden Seal
root, in all stomach, liver and bowel
troubles, as in dyspepsia, biliousness, con-
stipation, ulceration of stomach and
bowels and kindred ailments, but the
Golden Seal root used in its compound-
ing is greatly enhanced in its curative ac-
tion by the use of Golden Seal
root, Black Cherrybark, Bloodroot, Man-
drake root and chemically pure triple-
refined glycerine.

21 one-cent stamps to pay the cost of mail-
ing only. For 31 stamps the cloth-bound
volume will be sent. Address Dr. R. V.

Viola Allen Coming to Lexington.

One of the most important dramatic
events of many seasons at the Lex-
ington Opera House will be the engage-
ment of Viola Allen, who comes Mon-
day, May 7th, matinee and night in
"The Toast of the Town," the new
play which was written for Miss Allen
by Clyde Fitch. This is said to be one
of the greatest successes of this distin-
guished player and her many admirers
in the bluegrass will be glad to see her
in a play other than those written by
Shakespeare. Many of the theatre
goers from the surrounding towns are
arranging parties for this engagement.
Mail orders will receive prompt atten-
tion.

They were in the garden and they
took their smiles from nature.

"You are my dear, little, clinging
vine," he murmured.

"Yes, and you're my darling, big
tree," she gurgled.

"And what in the thunder am I?"
cried the Rejected One, parting the
bushes angrily.

"You?" they answered. "Oh, you
are just a rubber plant."

Then there was silence in the garden.

apprehension is feared by the citizens
of that city over the possibility of the
disease being contracted by others.

NO CONTEST

But a Plain Business Prop-
osition.

Chance to Make \$50 in Gold.

Every Young Lady in Bourbon
Eligible.

People are always crying "keep the
money at home," and to help carry out
this motto the Bourbon News is going
to make a plain business proposition
to the young ladies of Bourbon county,
whereby they can take a trip to any
place they desire and at the same time
assist in pushing a home enterprise
along without any scrambling contest
whatever and also at the same time
everybody will get value received
for their investment. This is no con-
test where there will be any disappoint-
ments. No contest where some young
lady will run in the lead until the last
minute and then the one who has been
running last to come in and defeat her
by having her friends to buy enough
coupons or subscribe for enough papers,
to make her win over the one that has
led throughout the contest. Our propo-
sition is no fake, but simply a plain
business proposition and is as follows:
Any young lady of Bourbon county
who will bring to the Bourbon News
office on or before July 15th, 1906, 75
cash subscribers we will give her \$50
in gold, to be used as she likes.

Any old subscriber who is in arrears
and pays up to date and for one year in
advance to any of the young ladies who
accept our offer will be counted in their
list of new ones.

This proposition is open to every
young lady in the county, and just as
soon as you hand in the seventy-five
names with the cash subscriptions, the
\$50 in gold will be handed to you.

In Suit to Break the Will of the
Late Dr. Taylor.

Mrs. Maud McClintock, of Lexing-
ton, has filed suit at Little Rock, Ark.,
to break the will of her father, the late
Dr. Charles Taylor, who left her five
thousand dollars and the remainder of
his real estate was left in trust for his
wife and two children by his second
wife. A large amount of personal
property was left to his wife absolute-
ly. Dr. Taylor was born in Clark
county in 1830, and died at Little Rock
about a year ago. His wife was Mrs.
Irene Johnson, of Scott county. Of this
marriage was one child, Maude. After
the death of his first wife Dr. Taylor
married Miss Julia Previtt, of Clark
county. In 1893 Miss Maude Taylor
married Mr. John McClintock, former-
ly of Millersburg, this county. Her
father was opposed to the match and
never became reconciled to his daughter.
The estate is said to be worth a half
million dollars or more.

FAST FREIGHTS COLLIDE

Demolishing Trains and Seriously
Injuring Several Persons.

Louisville & Nashville freight train
No. 45, southbound, and work train
No. 623, northbound, collided at Fort
Estill Tuesday night. As a result
three men are seriously injured, four
others very badly bruised up and a
large amount of property destroyed.
The wreck was caused by Conductor J.
J. Davidson and Engineer R. D. Rid-
dle, of the work train, overlooking
their orders, and running on forty-
five's time.

The work train was making a run to
Richmond before the passenger train
from Cincinnati was due there.

The crash was heard for miles. The
crews of both trains with the excep-
tion of Dudley Rowlett, who was
brakeman on forty-five escaped with
slight cuts and bruises. Those who
are thought to be seriously hurt are
Bourbon Current, bridge foreman,
Henry Hamlin, bridge carpenter, Dud-
ley Rowlett, brakeman on No. 45, all
of them from this city.

Conductor Davidson, of the work
train, and Conductor Stucky, of No. 45,

CRAP GAME RAIDED

By Deputy Sheriff Thompson at Escondida.

As Deputy Sheriff A. S. Thompson drove up to Escondida station, near town, Tuesday evening, a crowd of negroes were engaged in a crap game out in the open just across the railroad track from the station, not seeming to care at all for the presence of a number of ladies who were in waiting for the train at the station. He at once made a raid and succeeded in capturing four—S. M. Clairborne, Jim Lovelace, Ham Ballinger and Frank Greenwood. They were all tried before Judge Dundon, Wednesday, each receiving a fine of \$20 and costs. Their fines were paid and they were released from the custody of the jailer.

WHIPPLE-DICKSON

Wedding the Most Beautiful Social Event of the Season.

The Second Presbyterian Church in this city was the scene of a long anticipated and most beautiful social event on Wednesday evening, when Mr. Durand Whipple and Miss Lizzette Dickson were joined in holy wedlock.

The color scheme was white and green and was carried out in every detail. The altar was covered with white cloth and over it the delicate green vines trailed in graceful profusion. Handsome palms and ferns lent their beauty, and the tall wax candles in their silver stands shown like jewels from a tasteful setting. The whole effect was beautiful beyond description.

For half an hour before the arrival of the bridal party Mrs. J. Hal Grimes, of Harrodsburg, treated the audience to a delightful musical program, and just before they came into the church Mrs. Owen Davis very sweetly sang "Tell Me."

At 8 o'clock promptly the doors were flung open, the usher gave the signal and the first notes of Wagner's Wedding March struck the ear.

Mr. Harry Blanton and Mr. W. M. Hinton, Jr., entered the church first, followed by Miss Ollie Butler. Then came Mr. J. M. Brennan and Mr. Clarence Humbert, Miss May Belle Taylor, of Frankfort, Mr. Jack Greenleaf, of Richmond, and Mr. Robt. Lyne, of Harrison county, Miss Sue Buckner, Mr. Lee and Mr. Cantrill, both of Little Rock, Ark., Miss Matilda Alexander. The maid of honor, Miss Van Greenleaf, immediately preceded the bride who entered the church on the arm of her father, the Hon. E. M. Dickson.

Mr. Whipple and his best man, Dr. Dodge, of New York, met the bride at the altar, where Dr. Blanton, the bride's venerable grandfather spoke the words that made the twain one flesh. Dr. E. H. Rutherford, the pastor of the church, asked God's choicest blessings for them and then pronounced the benediction.

The bride was a vision of loveliness as she turned from the altar. The color had come to her cheeks, her eyes were bright with happiness and she carried herself like a queen entering into her kingdom. Miss Dickson made an ideal bride, being tall and slender, and walks with a grace that few women equal. Her gown beggared description. It was an imported robe of Cluny lace, made Princess with a Court train, over satin and mull. She wore a beautiful pearl necklace, the gift of the groom, and carried a shower bouquet of lilies of the valley and roses. Her veil was of tulle and was caught in her hair with orange blossoms, whose fragrance filled the church.

The dresses of the maids carried out the color effect. The four maids were gown alike in white Bruxelles net trimmed in bands of heavy lace, and carried huge bunches of Easter lilies. The maid of honor, Miss Greenleaf, wore a pale green chiffon gown and carried lilacs.

The church presented a very brilliant appearance, and the gowns were so handsome that they called forth universal admiration. Mrs. Dickson, the bride's mother, wore an exquisite confection of white silk mull and lace that set off her brunette beauty most becomingly.

Mrs. Whipple, the mother of the groom, is a stately matron, whose crown of white hair puts a finishing touch to a most attractive personality. Her gown was of white crepe de chine, made Princess with a train.

Mrs. Rodman, of Frankfort, was handsomely dressed in black lace trimmed with jet.

Mrs. Zeke Arnold, of Newport, looked her best in a gown of Nile green Liberty satin.

After the ceremony the bridal party and about forty guests were served with a delightful supper at the hospitable home of the Dicksons. The loving cup was passed and health and happiness drunk to the newly married pair in champagne.

The departure of the bride and groom on the 10:45 train put an end to the festivities. Miss Taylor caught the bouquet and as the carriages drove up to the gate the entire bridal party lined up on each side of the long walk ready to rain rice, old shoes, good wishes and good-byes on the happy pair before the gate could be reached.

Miss Dickson's popularity was evidenced by the array of beautiful gifts that were sent. The one most admired and appreciated was a complete chest of linen from the bride's mother. Dozens of pieces, all the work of her own hands.

After a trip of three or four weeks Mr. and Mrs. Whipple will return to Paris for a short visit before going to Little Rock to make their future home. Whipple is a successful attorney of that city and is the only son of Col. Wm. Whipple, who is United States Attorney for that district.

On Tuesday the day prior to the wedding, the bride was entertained at luncheon by Miss Ollie Butler, and at dinner by Miss Matilda Alexander. After the rehearsal at 8 p. m., Mr. Humbert gave a Dutch lunch, which was greatly enjoyed.

Remember—we are agents for Spalding sporting goods.

Handling Facts.

The lady witness had become very picturesque in her testimony, and the attorney had called her down in a way that had made her mad all over. "Confine yourself to facts if you please, madam," he said in conclusion. "Very well," she replied tartly. "You are no gentleman. How does that strike you?"

New Light on Old Story.

A former bishop of the Episcopal church of Indiana once preached to a black congregation. At the conclusion of the discourse several of the negroes crowded about the preacher and praised his sermon, saying it was the best they had ever heard. One enthusiast exclaimed: "Bishop, you tol' us things we never knew befo'." "Indeed," said the bishop gratified at the praise. "What was it I told you that you never knew befo'?" "Bout Sodom and Gomorrah. Why bishop, I always thought they was a man an' his wife."

He wrote to Dr. G. G. Green:
"As true as I tell you, doctor dear,
I'm feelin' finer than ever I've been!"

It is sold in all civilized countries, and has been famous as a consumption cure for almost half a century.

DUG OUT MASTER.

Dog Rescued Colorado Prospector From Under Snowslide.

Edward Hanavan, one of the best known miners and prospectors in Ouray county, Col., had a remarkable escape from death in a snowslide which came down the western slope of Mount Hayden, recently. He owes his life to his dog Sandy.

Hanavan was climbing over the trail of the mountain above Mineral Fern mine, when he was suddenly caught by a snowslide and swept 100 feet in the gulch. His dog, followed 50 feet behind, barely escaped the avalanche. The faithful canine jumped into the gulch and began pawing and scraping where the toe of one of Hanavan's boots barely showed above the snow. Within ten minutes the dog reached his master's face. Hanavan was practically unconscious from lack of air, but soon revived and managed to dig out of what threatened to prove his snowy tomb.

OUR WASHINGTON LETTER.

A New Executive Mansion Talked Of—Vote on Hepburn Bill In Sight.

Washington, April 19.—A new executive mansion for the President of the United States, to be located nearly a mile further from the center of the city than at present, which shall in every way be splendidly fitted up and finished, is the plan over which Washington is considerably stirred up at present. It is reported at the Capitol that the President has been approached on the subject, and that he has indicated his enthusiasm in no uncertain tones. To meet the objections of patriotic Americans to the abandonment of the present White House, those who are furthering the plan propose that it shall not be actually abandoned, but shall be used either as the residence of the Vice President or for offices for the President. But even these suggestions can not quell the opposition to the plan of those who remember that the White House has been the residence of all the Presidents from George Washington to Roosevelt, in an unbroken line, except for the temporary lapse occasioned by its partial burning when the British captured the city in 1814, and who therefore rightly look upon it as the center and source of patriotic associations. From those also who look with pride upon the plain yet impressive White House as the very emblem of democratic simplicity, the proposal to provide an executive castle will bring lasting opposition. Of course it is true that the growth of executive business demands increased accommodations, but it seems to be the general opinion here that the White House grounds afford ample room to provide for additions sufficient to accommodate the growth of many years.

There is a reason to believe that a vote will be had on the Hepburn bill in the near future. The able speech of Senator Bailey this week has cleared the political atmosphere. While the Texan did not deal directly with the

Hepburn measure, but devoted himself to a discussion of the rights of Congress to prohibit the lower courts from setting aside temporarily the orders of the Interstate Commerce Commission pending appeal, his argument served to disclose the attitude of the Senate majority. This disclosure has resulted in the first clear-cut alignment of the different factions. The radicals realize the impossibility of the passage of any amendment restricting full court review, and their acknowledgement of this fact has removed the principal cause of the deadlock. A growing majority is said to be in favor, also, of an amendment providing suspension of the Commission's rate orders when they are being reviewed in court, the carrier filing bonds in each case to cover the amount in cation. Altogether the enactment of conservative and efficient rate legislation at an early date are much brighter.

Uncle Sam's fighting ships may be compelled to adopt the new plan in vogue in the Japanese navy, and cruise under canvas in times of peace. Exhaustion of funds for the purchase of fuel, the failure of Congress to appropriate a sufficient amount to buy all that will be required during the year, and the prospective increase in the price of coal by reason of the strike, have resulted in orders being issued by the Navy Department for the great economy. No cruises that are not absolutely necessary will be taken this year by American warships.

Julius I. Lyons, of New York descended on Secretary Bonaparte this week and endeavored to prove that the country's greatest need was a new national hymn. He contended that the "Star Spangled Banner" was "unsingable" and that "America" was English. His plan is to enlist the support of the administration and then offer a prize for a new song, but, much to his surprise, Secretary Bonaparte failed to enthuse. The Secretary told his visitor that he did not believe a national song could ever become popular unless connected with some significant event in the national history.

If the child labor law passes the Senate it is safe to predict that the clause providing that the measure apply to the Senate and the House will be stricken out. If carried into effect as it now stands, the law would sound the knell of the pages who now scurry around the two chambers at the beck and call of Congressmen. The Senators contend that while the boys may not attend school regularly in the day time, they gain a bordering experience that is a liable education in itself. Senators Gorman, of Maryland, and Mallory, of Florida, were pages at one time, and many of their companions of those days became officers in the army and navy and successful men in other walks of life.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

WITH HEART PIERCED

By a Bullet Baid Walked 25 Yards and Shot Murderer.

Although a bullet from a cowardly assassin's revolver had pierced his heart, Harry Beard, aged 20 years, of Concordia Parish, La., walked 25 yards and fired five shots at Ed. King, a negro.

Three of the shots entered the negro's head killing him almost instantly. King, in company with another negro, named Davis, became intoxicated and lay in wait for Beard to pass along the road at Vidalia, La., where the tragedy occurred.

Beard was manager of his mother's plantation. The negro formerly worked on the plantation, where Beard had some trouble with him. King waited his opportunity to avenge his imaginary wrongs. A posse followed Davis, and he is now lodged in jail at Vidalia. He protests that he had no part in the shooting. Beard died a few seconds after he shot King.

A Wonderful Thing.

Mr. Brown had just had a telephone connected between his office and house and was very much pleased with it.

"I tell you, Smith," he was saying, "this telephone business is a wonderful thing. I want you to dine with me this evening, and I will notify Mrs. Brown to expect you."

Brown (speaking through the telephone): "My friend Smith will dine with us this evening."

"Now listen and hear how plain her reply comes back."

Mrs. Brown's reply came back with startling distinctness:

"Ask your friend Smith if he thinks we keep a hotel."

SPRING TIME IS HERE YOUR LAWN MOWER Does It Need Sharpening?

We have in operation one of the new "Ideal" Lawn Mower Sharpeners that we would like to have you see before you have your Lawn Mower sharpened again. There is nothing like it on the market. By its use each blade is sharpened alike, the bevel on the knives being kept at the same degree all along the knife. All high and low spots are taken out, and any degree of clearance can be given the blade so the Lawn Mower will run and cut easier than when new. Both cutting edges are ground. More good Lawn Mowers are spoiled by bunglesome sharpening than by the work they are intended to do. Bring your cranky mowers to our REMEDIAL INSTITUTE FOR DISABLED LAWN MOWERS and have 'em properly doctored and a cure guaranteed. Mowers called for and delivered.
